## 20 April 1978

	Records Review Procedure	RRP 78-21
STATINTL	Processing of Series Documents Previously Rev Reference: RRP 78-18, dated 19 April 1978	(i)
	For the purpose of processing duplicate copies of ments ONLY, the referenced RRP is suspended.	series do@JATINTL
STATINTL	Now that RRB has begun work on the complete serie we have run into the problem of just how to process these light of documents that have already been processed as	es of documents in
STATINTL	entered into our computer system. A review of the situat that we get all series documents into the computer in and relevant manner. To accomplish this the following probe used when encountering duplicate copies of series documents procedure remains in effect only until the temporary involving series documents reviewed at MNDC/MNDS in the series documents are series as the series documents are series as the series documents are series as the series are series are series as the series are series are series are series are series are	ion dictated
STATINTL	This procedure remains in effect only until the temporary involving series documents reviewed at WNRC/NARS is co the usual procedure in handling duplicate documents see R	
STATINTL (	All ocuments now being processed within RRB show against the most current machine run. If the document is machine run, the reviewer should excerpt the classification the machine run and incorporate that action into the agreement of the reviewing stamp which the reviewer puts on The remaining sections of the stamp and of Form 4023A show pleted as if it were first-time action being taken.	found on the on action shown ppropriate
STATINTE	In the case of duplicate series documents encounted indicator in the source line, the same procedure of will be followed EXCEPT that the reviewer will make the necorrections on the bottom line of Form 4023A; to wit: Review Date cation C; Retention Justification 02; and Next Review Date	ecessary
	For statistical accountability, the reviewer is to en number of duplicate documents "processed" in the lower rig of his production report forwarded to the Section Chief. will be separate from the statistics provided for document originally.	ter the total
